Subject: FW: American Recovery and Reinvestment Act of 2009 Seminar Information

County and City Representatives:

To help local governments better understand the rules for American Recovery and Reinvestment Act (ARRA) funding, deadlines and reporting requirements, the Federal Highway Administration is offering three webinars geared specifically for local governments and associations. Below, please see dates and times for the sessions. Follow-up Q&A sessions are planned for March 24 and 31.

There is no charge to participate. To register, refer to the information contained in the attached Word document. Sorry for the short notice, but we only recently became aware of this opportunity.

M.J. "Charlie" Purcell

Subject: FW: American Recovery and Reinvestment Act of 2009 Seminar Information

The attached is a set of conferences that have been designed to reach the local governments regarding the requirements for the ARRA Bill. You will see this is short notice, as we received this in a round-about way, and only just able to confirm the purpose for these webinars.

You may register individually, and also share the webinar in a conference room. There is no cost to these webinars. If you miss these dates, these are being recorded to make available to interested parties at a later date. At this time I am not aware of plans to conduct future live sessions.

Give me a call if you have any questions.
